The Commn requirements have to be considered along with the State requirements. But so far as medra

ieet.

Serial No.

imports are concerned, the c
of 1825 tons of rice per mon
the state alone in view
from that we export in re
may therefore well ask f
quantity to be increased
to the Com sh.

But on the other
may very well say that
concerned about the com s'n, and
Com'sn can send rapid a gran
Madras in return for rice, which
not possible.

It is a question whether
can ask the Govt to move th
Madras Govt for a supply of ric
for the Com s'n otherwise than
the exchange basis. Such an supp
will be in addition to the 1825 to
allotted to the State

Decision

There is famine Camp on
the hill.

We are asked for
1000 tons a month. W
understand that Com h
get 250 - hitherto his Tas
was asked to make that
to give us.

. Matthan, Esq., B.A.,

Food Controller in Mysore,

B a n g a l o r e.

To

C. S. Balasundaram Iyer, Esq., B.A.,

Chief Secretary to the Govt. of Mysore,

B a n g a l o r e.

Sir,

I have the honour to forward herewith copies of my letter No. 3583 of the 10th instant to the Director of Civil Supplies and his reply No. 7307 of the 11th idem regarding the imports of rice from Madras Presidency into the Civil & Military Station, Bangalore. Madras allows Mysore to import 1,825 tons of rice in lieu of the same quantity of ragi, rice and pulses exported from Mysore to Madras. I have the honour to request to be informed whether any quantity of rice that may have to be imported into the Civil & Military Station from the Madras Preasidency should be taken against this allotment. I believe, the Civil and Military Station authorities can easily arrange to have a further allotment for themselves from Madras.

I have the honour to be,

Sir,

Your most obedient servant,

Matthan

Food Controller in Mysore.

Letter No. 3583 dated the 10th February 1919 fro
Food Controller in Mysore, Bangalore, to the Direct
Civil Supplies in Mysore, Bangalore.

-

In returning herewith 2 applications for importi
the Madras Presidency to the Bangalore Civil and Mi
received with your memos Nos. 7184 and 7185 of the 7th instant,
I have the honour to state that I have no objection to the issue
of priority certificates in these cases, but it must be understoo
that imports into the Bangalore Civil and Military Station cannot
be taken against the 1,825 tons allotted by the Madras authoritie
to Mysore State. Presumably the Civil and Military Station autho
rities have, or can arrange to have, a further allotment for them
selves from Madras and priority certificates may be issued as
against this allotment.

Letter No. 7307 dated the 11th February 1919 from the Directo
of Civil Supplies in Mysore, Bangalore, to the Food Controller in
Mysore, Bangalore.

I have the honour to acknowledge the receipt of your letter
No.3583 dated 9/10th February 1919 returning two applications
for import of rice from Madras into the Civil and Military Statio
Bangalore. I have asked the Collector of the Civil and Military
Station to let me know if he has arranged to have a separate allo
ment of rice for use in the Civil and Military Station in additio
to 1,825 tons allowed to be imported into the Mysore State. I mu
however, mention that the requirements of the Civil and Military
Station have always been included in the total food requirements
of the State in all our communications tothe Food Stuffs Commissi

d it does not seem expedient now to ask the Civil and Military

ation to make separate arrangements for themselves.

Office of the Food Controller

Director of Civil Supplies in M

Bar[illegible] [illegible]uary 191[illegible]

My Dear Balasundaram Iyer,

I have not yet got a reply to my letter No.3866 of the 14th instant as to whether any portion of the 1,825 tons of rice from Madras could be made available to the Civil & Military Station.

I mentioned the subject to the Dewan on the 24th instant and I understood from him that the Civil & Military Station is entitled to have only a portion of the allo of Burma rice.

I enclose for your information and kind submissi to the Dewan copies of Mr. Tasker's letter No.1403 dat 23nd instant and my reply thereto of this day. I have informed Mr. Tasker that I shall be glad to discuss th matter further personally, if desired.

Yours sincerely,

Office of the Director of Civil Supplie
and Controller of Prices in Mysore.

galore Dated, 26th February

The Food Controller & Director
of Civil Supplies in Mysore.

To

The Collector,
C. & M. Station, Bangalore.

Sir,

With reference to your letter No.1403 of the 22nd instant, I have the honour to state that the Madras Presidency gives no food grains to the Mysore State except in exchange for and to the extent of grains exported from Mysore to Madras. Mysore gives Madras for the present 1,825 tons of food stuffs and receives in exchange 1,825 tons. There is thus net no/import from Madras. The only place from which we get food grains (otherwise than in exchange for food grains exported) is Burma; and arrangements will always be made to make such portion of the Burma allotment as may be required available for the Civil and Military Station. You will understand that the 1,825 tons of food stuffs obtained in exchange for food stuffs exported from various parts of the State will not be available for the Civil & Military Station. I would, therefore, suggest that the Director of Civil Supplies, Madras, may be asked to make an allotment of Madras rice for the Civil & Military Station.

2. With reference to the 4 applications forwarded with your letter, I have the honour to state that applications were received from various merchants to import Madras rice under the exchange arrangement in accordance with notices issued through the paper

papers and priority have already been issued for the full quantity that could be obtained for the month of February.

3. As regards the import of wheat from Madras, I have the honour to state that no wheat can be obtained from the Madr Presidency as the Food Stuffs Commissioner has made an allo nent of wheat from for the Mysore State only from the Punjal

4. In this connection, I have the honour to inform you th the Food Stuffs Commissioner has been requested to allot fo the Mysore State for the month of March 1919, the following quantities of food grains:-

1. Whole rice from Rangoon	...	3,500	tons
2. Broken rice from Rangoon	...	2,000	"
3. Bengal rice	...	500	"
4. Wheat (from Punjab & Bombay Presidency)	...	500	"
5. Bengal gram	...	800	"

Out of the rice allotment, it is intended to obtain 2,500 t of whole rice and 1,000 tons of broken rice from Rangoon th Government agency and all the rest is proposed to be assign merchants. I request that the requirements of the Civil an Military Station out of the allotments for the State may be kindly intimated at a very early date, so that it may be possible for me to take action to arrange for the imports a soon as the Food Stuffs Commissioner's sanction is received

I have the honour to be,

Sir,

Your most obedient servant,

Sd/- K. Matthan,

Food Controller & Directo

Letter No.1403 dated 22nd February 1919 from the Collector, C. and M. Stations to the Director of Civil Supplies in Mysore.

With reference to your letter No.7308 dated the 1 February 1919, I have the honour to state that no arran ments have been made by me with the Director of Civil Supplies, Madras, for any separate allotment for the st as I was unaware that any separate arrangement was cont plated. Please inform me of the basis of the arrangeme so that I may take the matter up. Meanwhile will you k pass such applications as have been recommended and als the enclosed 4 applications to import 7 waggons of rice from Madras, 1 waggon of rice from Nellore and 50 bags wheat from Madras

D. O. No. 1695 / OFFICE

Bangalore,

Dear sir

I enclose notes of a discussion between Mr. Tasker, Collector, Civil and Military Station and myself on the 3rd instant.

I request sanction to hand over to Mr. Tasker for use in the Civil and Military Station, 100 tons of rice out of the February consignment now on its way from Burma.

As regards supply of 20 bags of ragi every day from the Provincial Depot, I got the Dewan's instructions

Mr. Tasker, Collector, Civil & Military Station, saw me appointment today. The following points were discussed:-

(1) MADRAS RICE FOR CIVIL & MILITARY STATION.

Mr. Tasker urged that all along, the arrangement was that Civil & Military Station merchants should get their share of Madras rice in the same way as merchants in the rest of the State. I pointed out that the position had been altered since January last, as there is now no net import from Madras and all that we get from Madras is in exchange for food stuffs exported. It was agreed that Mr. Tasker should discuss the matter with the Madras Director and see whether he can secure an allotment of 100 tons for the Civil & Military Station. If not, he wants us to give him a share of the 1825 tons, or rather 2020 of 1100 tons (deducting quantity earmarked for Kolar Gold Fields). Taking two-thirds of the State as standing in need of Madras rice, the proportion that can be allotted to the Civil & Military Station would be about 1/40th of the above quantity of 1100 tons or 27½ tons.

2. Out of the 1000 tons Burma rice (February allotment) now on its way from Rangoon, Mr. Tasker wants 100 tons to be booked to him.

3. If the whole of the allotment that has been applied for for March is given by the Food Stuffs Commissioner, Mr. Tasker wants 200 tons whole rice and 25 tons (or two waggons) of broken rice 30 tons wheat and 50 tons Bengal gram to be reserved for the Civil and Military Station.

4. Mr. Tasker said that the ragi available in the Civil

and Military Station would last for only 3 days more and wanted at least 20 bags a day to be issued from the Provincial Depot. I explained that it is intended very soon to stop supplies to the general public from the Depot, which is intended to be maintained as a reserve depot, but promised to take orders on the point.
